

YSC Parental Consent Form
(One Consent Form to be Completed Per Child)

In an effort to streamline the Yukon Soccer Club's (YSC) registration process, YSC is implementing a new registration system. The new registration system involves the collecting of your child's application information and putting it into an online database for use by YSC, the Oklahoma Soccer Association, and GotSoccer.Com (a third party vendor used to maintain and secure the online database). The online registration information will include your child's name, address, phone number, gender, and birth date. As parent or guardian of the named child, you consent to the online collection and use of your child's information for the purposes of registering and utilization of the information in connection with your child's involvement with the Yukon Soccer Club.
