

COACH / TEAM REGISTRATION FORM – Spring 2012

Coaches, please complete one form for each team you are coaching. You can email the completed form to questions@yukonsoccer.net or bring it to one of the registration sessions.

Coach Name:

Team Name (please note old team name if changing):

List any other teams you are coaching:

Coach contact info

Email *:

Home phone:

Mobile phone:

Do you have an assistant coach?

Assistant Coach Name:

Email *:

**Email is required to initiate background check and for communication during season*

What age division are you expecting your team to play this season?

Do you expect to play in the girls or coed division?

If there are higher and lower divisions, which do you prefer?

Please note – we are not requesting a list of players you are expecting. There was some confusion that this implied only those players would be placed on your roster. **Players who have played on your team the previous season will be given first priority to return to your team.** Per Frontier Country and YSC by-laws, you cannot tell a player that they cannot play on a recreational team. We understand situations arise. If there is an issue that needs addressed please bring it to a board member and we will handle the situation discretely. Any openings will be filled as best as possible by schools, locations, and requests. Players can request to be placed with a friend or on a specific team by writing it at the top of their registration form. All efforts will be made to meet requests, but no guarantees. If a team is formed that proves to be dominant over other teams in their division (ie wins every game decisively, etc) the club may require that team to move up to the next age division for the following season to ensure the best competition and development of both the dominating team(s) and the other teams in the division. Teams will be notified before registration each season if they will need to move up. Teams can also request to play up an age division. Teams that move up will be allowed to stay age pure and keep an age appropriate roster size so that they can play in their true age division for tournaments, etc. No team will be required to move up 2 age divisions and special consideration will be given to the U12 and up age group division where it consists of more than one year of players. Efforts will be made to make multiple divisions in an age group and/or join with other clubs to keep appropriate competition levels age pure as much as possible. We want any team that wants to play more competitively to be able to do so successfully, but it is also our responsibility to keep a balanced recreational environment for all teams. **Please encourage your players returning from last season to register before the deadline – any late registrations are not guaranteed a spot on the same team because team formation will already be underway.** Any questions- email questions@yukonsoccer.net
